Business Records Management, Inc. to Act as Legal Custodian for MAIN Medical
Radiology Films

PITTSBURGH – The Commonwealth of Pennsylvania has approved the contract from a bid submitted by Business Records Management, Inc. (BRM) to be the records repository for MAIN Medical, a medical imaging and radiology company which has ceased operations. Over 100,000 radiology films are in the process of being collected and indexed for storage. Pursuant to a court order, the films will be stored with BRM and available to clients of MAIN Medical under the procedures described below. Eventually these films will be destroyed based on a five-year retention period for each type of film with a maximum retention date of May 27, 2010. Destruction of films that have been identified as being currently eligible for destruction will begin January 1, 2006.

MAIN Medical has shut down the following customer facilities:

MAIN Medical Corporate
2403 Sidney Street, Suite 220
Pittsburgh, PA 15203

MAIN Medical Greensburg
1275 Main Street, Suite 202
Greensburg, PA 15601

MAIN Medical West Mifflin
1907 Lebanon Church Road
West Mifflin, PA 15122

MAIN Medical Monroeville
600 Oxford Drive
Monroeville, PA 15146

MAIN Medical Harmar
3 Mariner Court
Pittsburgh, PA 15238

MAIN Medical Thorn Run
1136 Thorn Run Road
Coraopolis, PA 15108

In addition to the above locations, MAIN Medical may also have housed radiology films from the following sites: Airport Regional Medical Center and Premier Medical Management Services.

Requests for radiology films must be submitted to BRM in writing using a Release of Information form. These forms may be downloaded at www.businessrecords.com/mainmedical.htm or obtained by calling the automated MAIN Medical hotline at (412) 249-1241.

In an effort to expedite the availability of radiology films, each MAIN Medical facility will be indexed separately. Once indexing for a particular facility is complete, releases of films originating from that facility will begin to be processed. Indexing status for each facility will be announced weekly at www.businessrecords.com/mainmedical.htm and on the hotline at (412) 249-1241. Upon the completion of indexing for a particular MAIN Medical facility, records will be available for pick up seven (7) business days after the required request form has been received by BRM. BRM expects to have all MAIN Medical facilities indexed by September 30, 2005.

The non-refundable fee for the search and retrieval of radiology films upon each individual request will be \$17.48 plus the cost of U.S. mail certified postage. Money orders, cashiers checks, personal checks, Visa and MasterCard will be accepted. Once films are available for release by BRM, they will be either sent by U.S. certified mail to the requestor, or may be picked up in person at BRM's North Side facility located at 923 Bidwell Street, Pittsburgh, PA 15233. State issued identification will be required for pick-up of any films from BRM.

Business Records Management, Inc. (BRM) is a local Pittsburgh based company, founded in 1985, specializing in information management services. BRM provides information management services to over 1,200 organizations throughout Western Pennsylvania, Eastern Ohio and West Virginia. BRM services include Document Storage, Management and Delivery Services; Disaster Recovery Planning, Support and Facilities; Software Escrow; Destruction Bin Rotation Services; Computer Media Storage and Rotation; Records Management Consulting, and Records Retention Services.
